TO ORDER: Most parts fit all years of Metropolitans. Those that don't are specified with "up to" or "begin" followed by the applicable chassis serial number. To find your chassis serial number, open the hood and look for a small plate on the passenger side of the firewall. It begins with the letter "E" followed by 4 or 5 numbers. If the plate is missing, contact us and we'll help you identify which parts you need.

REBUILT PARTS are sold "on exchange". Part(s) to be exchanged must be received with your order or a core charge will be added to the price of the part(s). The core charge will only be refunded if core received is the same type as the core sold, is rebuildable, has no missing pieces and has not been taken apart. A copy of the invoice must be enclosed with the core for refund of core charge.

USED PARTS are sold "as is" and are in good usable condition. No two matching items are in the same cosmetic condition. If appearance is of major concern, ask for "select used" and we will quote price.

PRICES: We make every effort to maintain our current prices, however prices and item availability are subject to change without notice. For orders delivered in California, sales tax will be added.

WARRANTY: All our new and rebuilt parts are guaranteed against defects in material and workmanship for a period of 90 days from date of purchase unless otherwise specified on our website. This warranty covers only the part and does not include labor or failure of a related component. In no case would the liability of Metropolitan Pit Stop exceed the invoiced price for the guaranteed part. We make no other warranty, expressed or implied.

DAMAGE: Delivery of merchandise in good condition is the responsibility of the carrier. Should your order arrive in damaged condition, notify us immediately. Keep original box and packing material until claim is settled.

RETURNS are accepted for refund up to 60 days from date of invoice. Returns over 60 days will receive store credit. Copy of invoice must be enclosed with returned item(s). Phone 818-769-1515 for return authorization number. Restocking fee of 15% may apply unless item is defective or was sold or shipped in error. No returns on electrical, bearings, paint, upholstery items, printed material, collectibles and special orders.
